

TEST & MEASUREMENT CAPABILITIES

CARLISLE
INTERCONNECT TECHNOLOGIES

TEST & MEASUREMENT

General Purpose / Wireless Test / Semiconductor Test

TEST APPLICATIONS

Aerospace & Defense / Wireless & Wireline Communications / Semiconductor

Ruggedized/Armored
WorkHorse® Test Cables

Molding & Potting Services
for Custom Solutions

Semi-Flex®/Conformable
Coax Assemblies

General Purpose
Assemblies and Harnesses

Low Loss Phase Stable
Flexible Coax Assemblies

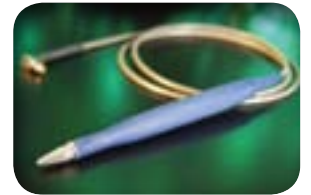

In Series and Between
Series Adapters

Semirigid Coax Assemblies

Probes

HDSI® Miniature Ribbonized
Coax or Differential Pair
Assemblies for High Speed
and High Density

HDRFI® High Density Coax
Connector Packaging System

CarlisleIT offers Test & Measurement solutions specially designed for RF/Microwave and high speed analog and digital equipment including multimeters, oscilloscopes, digital analyzers, logic analyzers, network analyzers, semiconductor test equipment, and more.
